Open Your Heart and Mind

What excites you about what God is doing at First MB?

Finding God in His Word

Read Exodus 3:1-10

Big Idea: Joining God in His mission, seeing His signs, hearing His voice, and obeying His call.

Bible Study:

1. Why is it important to recognize the signs God gives us to draw our attention to Him?
2. Are you more prone to “stop and see” and before you were to “go and tell”? What are the benefits of a stop and see attitude in understanding where and how God is at work around you?
3. How have you heard the voice of God in your life?
4. Talk about the difference between motivation by personal guilt and being motivated for God’s glory? What do each of these look like and how have you seen them in your life?
5. How do you discern God’s will and desires in your life?
6. Discuss the idea of our calling in Jesus being primarily to a persona and not a place. How does this help to frame God’s use of His people wherever they find themselves?
7. Why does obedience require surrender? What are some of the challenges of surrender in obedience to God’s call?
8. How is obedience to God risky? Why do you think God calls His people to risk on His behalf? In what way(s) have you experienced this risk in your life as a follower of Jesus?
